

Honoring, remembering, and celebrating those who have fought against cancer. TOGETHER WE OVERCOME!

20-0471546 – 501C3

Dear Friends:

As I write this letter, I truly hope you have weathered well one of the most difficult times of our modern existence. Our future remains uncertain, and we remain hopeful.

In 2021, with your help, we raised \$80,000. 100% of it continues to help people battling cancer. Our world changed with the pandemic, but people remained getting sick or fighting an illness they were already familiar with. The doctor's visits, the treatments, and the subsequent bills did not stop.

[Celebrate Life Half Marathon](#) and the Patient Fund was created to raise funds that will assist people who are fighting the life-threatening diagnosis of cancer while at the same time being financially strapped. CLHM is a volunteer driven foundation that provides people with financial relief to ease the burden they are already carrying.

100% proceeds are donated to people in need. 100% transparency. 100% hopeful.

Your donations will help someone who desperately needs it. The smallest donation will add hope for someone.

Here are some suggestions, but we are grateful for any donation you give:

- \$125 - Website name listing.
- \$250 - Website name listing and awards poster
- \$500 - Website logo. Course Sign.
- \$1,000 - Website logo. Banner Feather Flag mile marker.

Will you join us? Thank you in advance for your generosity.

Sincerely,

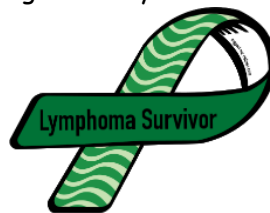

Myriam Loor

Race Director
